

Our playground consultants are ready to offer individual design assistance, answer questions, and help you explore options. Take advantage of special offers such as free bench or sign when you call.

## Playground Surfacing Options

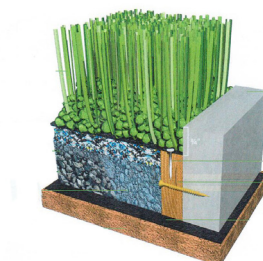

From a safety standpoint, the fall-height certified surfacing is the most important part of the playground. With impact-absorbing surfacing, our playgrounds are one of the safest places for kids to play.

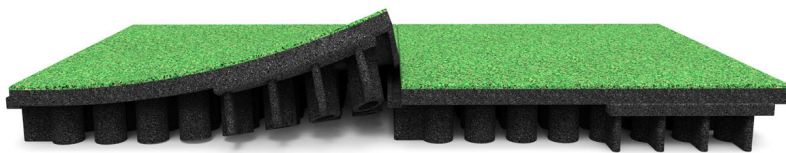

**Poured in Place:** consists of a shredded impact-absorbing layer and a colorful protective surface. Requires concrete subsurface.

**Interlocking Tiles:** 2'x2' with various thicknesses in a large number of colors. Requires a concrete subsurface.

**Playground Turf:** Looks and feels natural. Impact-absorbing mat provides protection. Concrete subsurface is not required.

**Standard Tiles:** 2'x2' with varying thicknesses and a number of colors. Requires a concrete subsurface.

**Certified Wood Product**

## Loose Fill

Our fall-height *Certified Wood Product* is not only designed and tested to be a safe and effective, it is also a budget friendly option and gives a beautiful natural look to your playground.

## Age Group Categories

**Preschool children** are very social, and love exploring.

**School age children** enjoy bigger movements, and upper body action.

**All ages** benefit from separated spaces with age appropriate features.

## Great Selection

Hundreds of models are available with interchangeable features and beautiful colors for a 100% customized look.

## Product Quality

Quality materials, intensive testing procedures, and close attention to detail result in beautiful structures that last for decades. Our insert-based approach to customization makes it easy to replace and upgrade components.

## Planning Your Playground

After meeting with your team to discuss thoughts, or concerns, budget, and measuring available space, your playground consultant will go to work finding and designing the perfect equipment for your project.

## 25 Years—Experience Makes a Difference

Every project receives our full attention whether it's something completely unique or fairly standard. We work as a team on every detail including surfacing, and site furnishings.

## Installation and all Services

Our installation service takes care of every aspect of the job, from removing existing equipment to final clean up. Outside of our service areas we work with local contractors on all details.

## Pricing

Prices are given as estimates and are subject to change. When a proposal request is made, prices are generated by the manufacturer's computer.

## NPSI Playground Safety Audit

Our safety personnel are available to provide a certified safety audit after installation. We also provide inspections and on-going 'safety check lists' to keep the structure and site in compliance.

# Playground Furnishings and Accessories

## 6 Wave Bicycle Rack

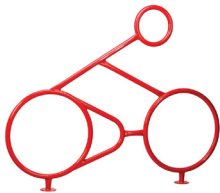

**Model:** BR118-S  
**Desc.:** Six wave bicycle rack  
**Frame:** 2.375" (60.325mm) dia. galvanized steel frame with polyester powder coat finish  
**Capacity:** 13 bicycles  
**Type:** Surface mount  
**Options:** Inground BR118-G

## PT003-P

**Model:** PT003-P  
**Desc.:** Picnic table - 46" (1.17m) square - portable  
**Frame:** 2.375" (60.33mm) round tubing, polyester powder coat finish  
**Capacity:** 8-Person  
**Seats & top:** 14ga (1.98mm) laser cut steel inserts with 11ga (3.18mm) outer steel frame  
**Type:** Portable  
**Options:** PT003-P-A portable, accessible

## The Cyclist

**Model:** BR100-S  
**Desc.:** Bicycle-shaped bicycle rack  
**Frame:** 1.66" (42mm) dia. galvanized steel frame with polyester powder coat finish  
**Capacity:** 2 bicycles  
**Type:** Surface mount  
**Options:** Inground BR100-G

## MHLA16-INF

**Model:** MHLA16-INF  
**Desc.:** 6' (1.83m) moraine bench with arched back and laser panel  
**End Frame:** 2" (50.8mm) square steel tubing  
**Seating:** 1" x 2.5" (25.4 x 63.5mm) ipe hardwood  
**Type:** All welded steel with horizontal slats and laser cut infinity back pattern  
**Options:** MHLA16-HOR laser cut horizontal pattern  
 MHLA16-DIAG laser cut diagonal pattern

## TC0031

**Model:** TC0031  
**Desc.:** 34G (128.70 L) moraine square litter receptacle c/w lid, liner and lanyard  
**Top style:** Flat top  
**Material:** 0.25" x 1.5" (6.35 x 38.1mm) steel flat  
**Config:** No door  
**Options:** N/A

## SHI6

**Model:** SHI6  
**Desc.:** 6' (1.83m) superior bench with back  
**End Frame:** 0.5" x 2" (12.7 x 50.8mm) solid steel flat bar  
**Seating:** 1" x 2.5" (25.4 x 63.5mm) ipe hardwood  
**Type:** Modular steel with horizontal slat  
**Options:** SHI4 4' (1.2m) ipe hardwood  
 SHR4 4' (1.2m) recycled plastic  
 SHR6 6' (1.83m) recycled plastic

## TC015R-RS

**Model:** TC015R-RS  
**Desc.:** 34G (128.70 L) straight vertical slat round litter receptacle c/w lid, liner and lanyard  
**Top style:** Flat Top with rain shield  
**Material:** 0.25" x 1.5" (6.35 x 38.1mm) steel flat bar; 1" x 2.5" (25.4 x 63.5mm) ipe hardwood  
**Config:** No door  
**Options:** TC015R - standard lid

## PB100-G-PT

**Model:** PB100-G-PT  
**Desc.:** 6' (1.83m) park bench - painted frame  
**Frame:** 2.375" (60.325mm) dia. painted frame  
**Seating:** Round hole laser cut perf. steel  
**Type:** Inground  
**Options:** PB100-P-PT portable, painted  
 PB100-S-PT surface mount, painted
